Dear Ms. Purcell:

Thank you for advising us of the two typographical errors in the 1993 FTC Report on the Tar, Nicotine, and Carbon Monoxide of the Smoke of 568 Varieties of Domestic Cigarettes. The revised nicotine level for Bucks King F SP is 1.0, and the nicotine level for Genco King NF SP is 1.6. I am enclosing a complete copy of the revised report for your information. Thank you again for your assistance.

Sincerely,

Phil Priesman
